

QuantumQwen Evaluation Report

Generated	2026-07-13 12:15
Framework	QuantumQwen Evaluation
Report Type	Automatic Benchmark Report

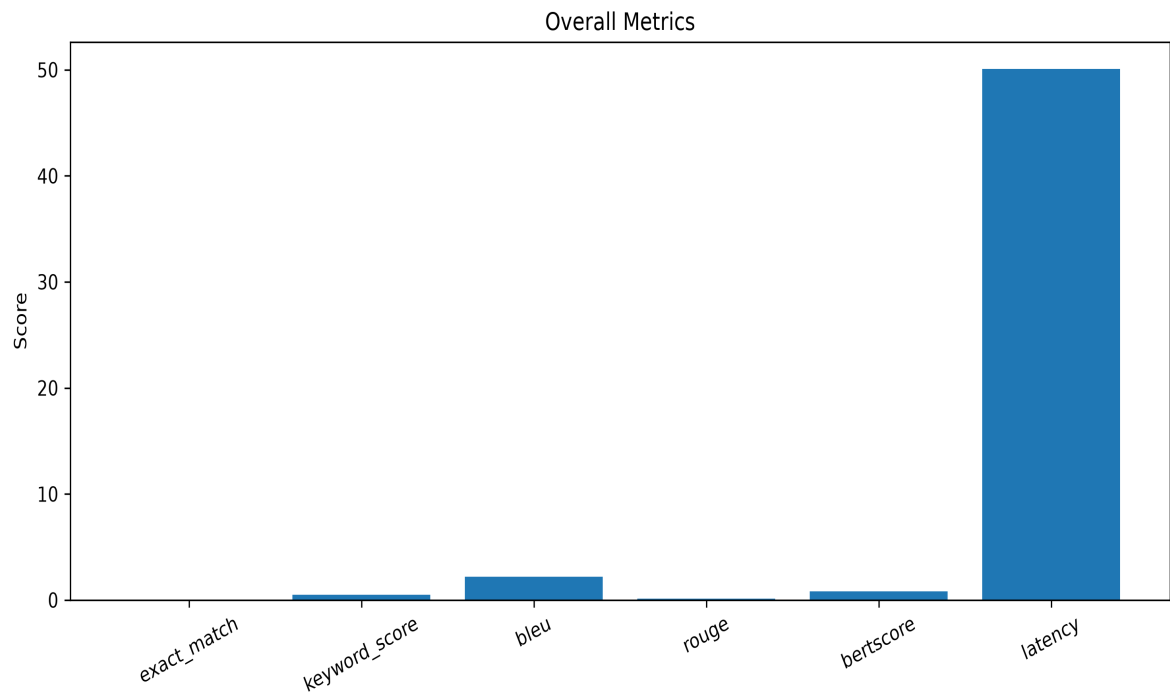

Executive Summary

Evaluation completed on 2026-07-13 12:15. The model achieved an average BERTScore F1 of 0.822. Average ROUGE-L score: 0.135. Corpus BLEU score: 2.18. Average inference latency: 50.10 seconds. This report summarizes the automatic evaluation results for the QuantumQwen model.

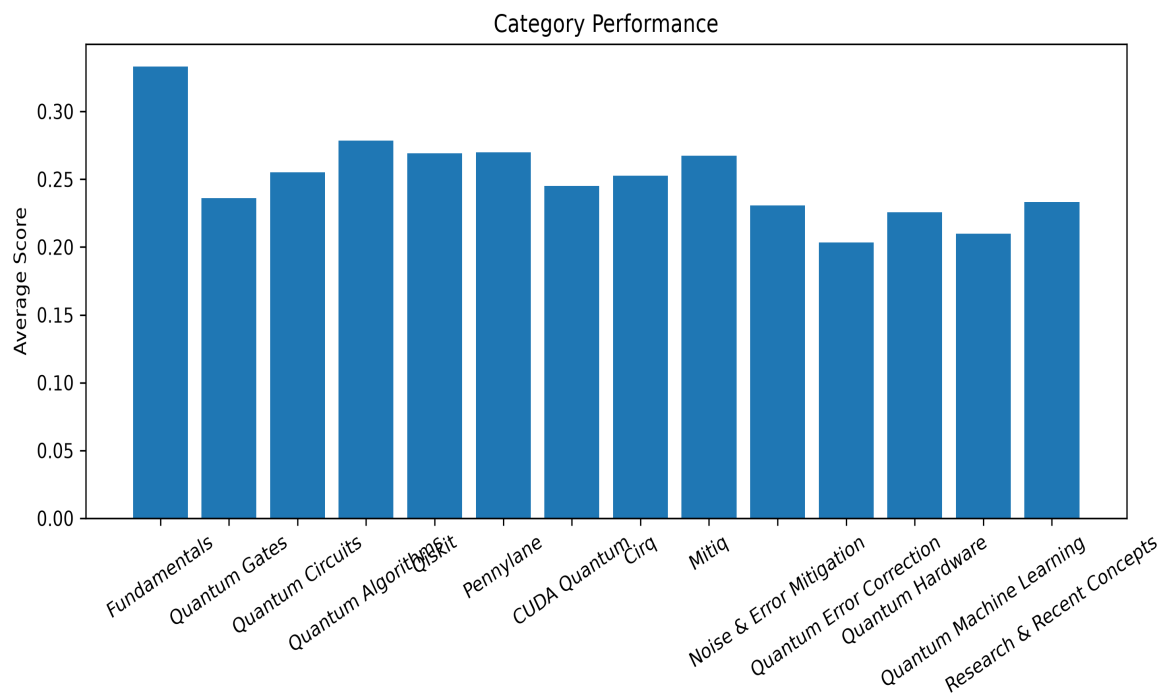

Overall Metrics

Metric	Value
exact_match	0.0000
keyword_score	0.5162
bleu	2.1823
rouge	0.1351
bertscore	0.8221
latency	50.0981

Recommendations

- Review the lowest scoring categories before the next training iteration.
- Inspect failure cases manually to identify missing concepts.
- Complement automatic metrics with LLM-as-a-Judge evaluation.
- Track benchmark results across future QuantumQwen versions.
